CHOCOLATE

INDIA

# RICH NATURE

ROYCE' was founded in 1983 in Sapporo, the capital city of Hokkaido, Japan's northernmost island.

Hokkaido is located at the northern extremity of Japan and is renowned for its rich natural environment and cold climate. Flowers in spring, lush greenery in summer, red leaves in autumn and snow fields in winter, ROYCE' chocolate is made in a truly special place surrounded by the beauty and contrasts of all four seasons.

Over the years, ROYCE' has grown from Hokkaido's best-kept secret to an international phenomenon. Demand has overflowed as people from all over the world have fallen in love with our uniquely fresh chocolates.

First came the other islands of Japan, then multiple stores popped up across Asia. In July 2013 ROYCE' opened the doors to its first store in India.
